Everyday clinical protocols:
Innovation and predictable results
October 1-2, 2027
15 Speakers
5 Workshops

Following the success of our previous edition in Heraklion, we are delighted to invite you to the **5th International GCO Academy Symposium**.

Under the Scientific Direction of **Dr. Stefano TROIANI,** this year's theme, **"Everyday Clinical Protocols: Innovation and Predictable Results"**

The scientific program will be complemented by a memorable social agenda, including a **Golf Tournament** on September 30th and **The White Party** on Saturday evening.

Join us in the **Algarve in 2027** for an inspiring program of scientific excellence, professional exchange, and memorable networking. As places are limited, we encourage you to register early.

Everyday clinical protocols:
Innovation and predictable results
