

Simplicity,  
esthetics and  
performance in  
your hands

## G-ænial™ A'CHORD

The advanced universal composite  
with unishade simplicity

Since 1921  
100 years of Quality in Dental

## Achieve the Esthetics of 16 Classic VITA®† Shades with Just 5 Core Shades – G-ænial™ A'CHORD

GC's proprietary Full-Coverage Silane Coating (FSC) and High-Performance Pulverized CERASMART® (HPC) technology provides long-lasting, natural looking restorations with simplified handling and delivery.

### Superb Handling

- Sculpts easily with excellent prep adaptation
- Bis-MEPP monomer allows for non-sticky placement of restorative
- May be used in either anterior or posterior, with no slumping

Courtesy of Dr A. Mak, Australia

### Unishade Simplicity

- Mimics natural light reflection for invisible restorations
- Polishes with ease and retains high gloss finish
- Natural fluorescence in any light
- Reduced inventory need saves time and cost

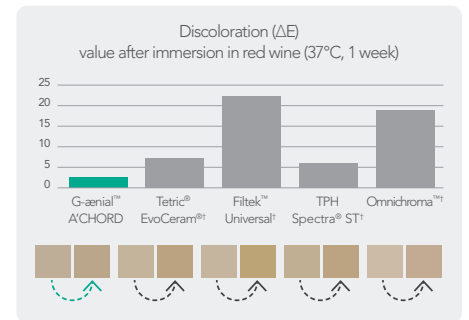

### High Performance

- High wear and stain resistance
- Long lasting gloss achieved with minimal polishing
- High radiopacity (318%) for easy identification on radiograph

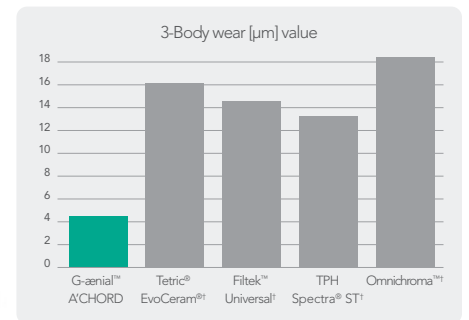

### Impress Your Patients With This Simplified Solution

G-ænial™ A'CHORD is a universal composite that delivers long lasting, invisible restorations. Designed to save time and therefore costs, it brings together superior technology in a straightforward product. Now you can feel truly confident using a material with effortless handling even in challenging cases.
