**1** Identification

- · Product identifier
- · Trade name: G-ænial Universal Injectable

• Relevant identified uses of the substance or mixture and uses advised against Dental material

The product is intended for professional use.

To avoid risks for humans and environment obtain instructions.

- · Application of the substance / the mixture Dental filling material
- · Details of the supplier of the safety data sheet
- Manufacturer/Supplier: GC America Inc. 3737 W. 127th Street Alsip, IL 60803

sds@gcamerica.com

- · Information department: Regulatory Affairs
- · Emergency telephone number:

During normal opening times (Mon.-Fri. 8:00 AM-5:00 PM CST): +1 (708) 597-0900 Transportation (CHEMTREC®) Emergency Telephone No. +1 (800) 424-9300

#### 2 Hazard(s) identification

#### · Classification of the substance or mixture

Skin Sens. 1 H317 May cause an allergic skin reaction.

· Additional information:

The information provided is in regards to the toxicity and hazard rating(s) of the individual component(s) in the formulation. The associated risk(s) depends on the route(s) of exposure. The hazard rating system is based entirely on the existence of the risk(s) and does not take into account the likelihood of reduced risk(s) through proper usage and handling.

#### · Label elements

· GHS label elements

The product is classified and labeled according to the Globally Harmonized System (GHS). • Hazard pictograms

· Signal word Warning

- Hazard-determining components of labeling: bismethacrylate\*\* UV-light absorber\*\* urethane dimethacrylate (UDMA) dimethacrylate component\*\*
- Hazard statements May cause an allergic skin reaction.

(Contd. of page 1) Precautionary statements Avoid breathing dust/fume/gas/mist/vapors/spray Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. Dispose of contents/container in accordance with local/regional/national/international regulations. · Hazard not otherwise classified (HNOC): None · Additional information: 9.8 % of the mixture consists of component(s) of unknown toxicity. · Classification system: · NFPA ratings (scale 0 - 4) Health = 0Fire = 0Reactivity = 0 · HMIS-ratings (scale 0 - 4) HEALTH 0 Health = 00 FIRE Fire = 0Reactivity = 0REACTIVITY 0 Other hazards Results of PBT and vPvB assessment · **PBT:** Not applicable. · vPvB: Not applicable.

### 3 Composition/information on ingredients

#### · Chemical characterization: Mixtures

· Description: Mixture of the substances listed below with nonhazardous additions.

<ul> <li>Dangerous comp</li> </ul>	oonents:	
CAS: 41637-38-1	ethoxylated bisphenol-A dimethacrylate (Bis-EMA)	10 - < 25%
	bismethacrylate**	2.5 - < 5%
	dimethacrylate**	2.5 - < 5%
	UV-light absorber**	0.2 - < 0.5%
CAS: 72869-86-4	urethane dimethacrylate (UDMA)	0.2 - < 0.5%
	dimethacrylate component**	0.2 - < 0.5%

#### · Additional information:

If a substance is marked with \*\*, then substance is a trade secret. This is allowed under OSHA's Hazard Communication Standard (HCS) as a trade secret and under GHS as Confidential Business Information (CBI).

### **4 First-aid measures**

#### Description of first aid measures

· General information:

Immediately remove any clothing soiled by the product.

## Trade name: G-ænial Universal Injectable

If symptoms persist consult doctor.	(Contd. of page 2)
· After inhalation:	
Supply fresh air; consult doctor in case of complaints.	
In case of unconsciousness place patient stably in side position for transportation.	
After skin contact:	
Immediately wash with water and soap and rinse thoroughly. Seek medical treatment.	
· After eye contact:	
Rinse opened eye for several minutes under running water. If symptoms persist, cons	ult a doctor.
After swallowing:	
Rinse out mouth and then drink plenty of water.	
If symptoms persist consult doctor.  • Information for doctor:	
· Most important symptoms and effects, both acute and delayed Allergic reactions	
· Indication of any immediate medical attention and special treatment needed	
No further relevant information available.	
5 Fire-fighting measures	
5 File-fighting measures	
· Extinguishing media

For safety reasons unsuitable extinguishing agents: Water	
<ul> <li>Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire.</li> </ul>	
· Advice for firefighters	
• <b>Protective equipment:</b> Wear self-contained respiratory protective device.	
· Additional information	
Dispose of fire debris and contaminated fire fighting water in accordance with official r	egulations.
6 Accidental release measures	
· Personal precautions, protective equipment and emergency procedures	
Remove persons from danger area.	
Avoid contact with the eyes and skin.	
Wear protective clothing.	
• Environmental precautions:	
Do not allow product to reach sewage system or any water course. Do not allow to penetrate the ground/soil.	
· Methods and material for containment and cleaning up:	
Absorb liquid components with liquid-binding material.	
Dispose of the collected material according to regulations.	
Reference to other sections	
See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment.	
See Section 13 for disposal information.	
· Protective Action Criteria for Chemicals	
Protective Action Criterion (PAC); Protective Action Criteria (PACs); Lower Explosive

### 7 Handling and storage

· Handling:

#### · Precautions for safe handling

Observe instructions for use.

Ensure good ventilation/exhaustion at the workplace.

Prevent formation of aerosols.

Avoid contact with the eyes and skin.

· Information about protection against explosions and fires: Protect against electrostatic charges.

#### · Conditions for safe storage, including any incompatibilities

- · Storage:
- · Requirements to be met by storerooms and receptacles:
- Store only in unopened original receptacles.
- · Information about storage in one common storage facility: Store away from foodstuffs.
- Further information about storage conditions: Observe instructions for use / storage.
- Specific end use(s) No further relevant information available.

### 8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

Control parameters

Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

- Additional information: The lists that were valid during the creation were used as basis.
- · Exposure controls
- · Personal protective equipment:
- · General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed. Avoid contact with the eyes and skin.

Immediately remove all soiled and contaminated clothing.

#### · Breathing equipment:

Suitable respiratory protective device recommended.

#### · Protection of hands:

Protective gloves

#### · Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

#### · Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

#### • Eye protection:

Manufacturing sites: Wear safety glasses with side shields (or goggles). Distribution, Workplace, and Household Settings: No special protective equipment required

#### 9 Physical and chemical properties · Information on basic physical and chemical properties General Information · Appearance: Form: Pastv Color: According to product specification · Odor: Odorless · Odor threshold: Not determined. · pH-value: Not determined. · Change in condition Melting point/Melting range: Undetermined. Boiling point/Boiling range: Undetermined. · Flash point: Not applicable. · Flammability (solid, gaseous): Not applicable. · Ignition temperature: Undetermined. · Decomposition temperature: Not determined. Product is not self-igniting. · Auto igniting: · Danger of explosion: Product does not present an explosion hazard. · Explosion limits: Lower: Not determined. (Contd. on page 6)

### 10 Stability and reactivity

· Reactivity No further relevant information available.

- · Chemical stability Stable at ambient temperature.
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- · Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known.

### **11 Toxicological information**

- · Information on toxicological effects
- · Acute toxicity:
- · LD/LC50 values that are relevant for classification: No further relevant information available.
- · Primary irritant effect:
- on the skin: No irritant effect.
- on the eye: No irritating effect.
- · Sensitization: Sensitization possible through skin contact.

#### · Carcinogenic categories' legend:

IARC Group 1: The agent is carcinogenic to humans.

IARC Group 2A: The agent is probably carcinogenic to humans.

IARC Group 2B: The agent is possibly carcinogenic to humans.

IARC Group 3: The agent is not classifiable as to its carcinogenicity to humans.

IARC Group 4: The agent is probably not carcinogenic to humans.

NTP K: Known to be human carcinogen.

NTP R: Reasonably anticipated to be human carcinogen.

· Repeated dose toxicity. No further relevant information available.

- CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- No further relevant information available.
- No further relevant information available.

### **12 Ecological information**

- Toxicity
- Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:
- Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · vPvB: Not applicable.
- · Other adverse effects No further relevant information available.

### **13 Disposal considerations**

- · Waste treatment methods
- **Recommendation:** Dispose of contents / container in accordance with local / regional / national / international regulations.
- · Uncleaned packagings:
- Recommendation: Disposal must be made according to official regulations.
